

RECOVERY HOUSES OF ROCHESTER SUPPORTIVE HOUSING

RELAPSE POLICY AND PROCEDURE

Residents who return to use while participating in a Recovery Houses of Rochester program must leave the house immediately. Residents must contact Willie Wright, House Manager via telephone (contact number: 585-713-4316), to schedule a meeting with me regarding his return to use, any treatment recommendations and Recovery Houses of Rochester return policy. Please note Recovery Houses of Rochester's *Using Policy* states:

When a person return to using they will not be allowed back into our program for 30 days.

Upon request, residents must provide a urine sample. Failure to provide a urine sample within an hour upon request will be considered a refusal to consent to a urine screen and as such the resident will be asked to leave Recovery Houses of Rochester.

By signing below, you indicate that you have read, understand and agreed to the above statements.
